

**REMARKS**

This application was originally filed on 6 December 2000 with twenty claims, three of which were written in independent form. Claims 1-20 have been rejected.

The abstract was objected to for exceeding 150 words. The abstract has been amended to be less than 150 words in length.

Claim 1 was rejected under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent No. 6,141,530 to Rabowsky.

Claim 1 has been amended to recite, "select an appropriate language track to be presented with the selected feature." Rabowsky does not show, teach, or suggest this limitation.

Claim 8 was rejected under 35 U.S.C. § 102(e) as being anticipated by Rabowsky.

Claim 8 has been amended to recite, "selecting an appropriate language track to be presented with the selected feature." Rabowsky does not show, teach, or suggest this limitation.

Claim 15 was rejected under 35 U.S.C. § 102(e) as being anticipated by Rabowsky.

Claim 15 has been amended to recite, "selecting an appropriate language track to be presented with the selected feature." Rabowsky does not show, teach, or suggest this limitation.

In view of the amendments and the remarks presented herewith, it is believed that the claims currently in the application accord with the requirements of 35 U.S.C. § 112 and are allowable over the prior art of record. Therefore, it is urged that the pending claims are in condition for allowance. Reconsideration of the present application is respectfully requested.

Respectfully submitted,

Charles A. Brill
